**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request for a Special Use Permit for a Mixed-Use use for a 12-story mixed-use development that includes 58,000 square foot of commercial space and 1,100 residential condominium units on 2.67 acres at southwest corner of West Charleston Boulevard and South 4<sup>th</sup> Street. This site is part of a larger project that includes a 120-foot high, 1,500 space automated parking structure with 12,000 square feet of ground level commercial space located at the northeast corner of South Casino Center Boulevard and Coolidge Avenue.

The subject proposal meets all Title 19.04 conditions for the Mixed-Use use. This use is compatible with the surrounding area and the proposed development is in keeping with the objectives and goals of the Downtown Centennial Plan; approval of this request is recommended.

<b><i>Pre-Application Meeting</i></b>	
03/01/07	A pre-application meeting was held and elements of this application were discussed. Requirements for the Arts District of the Downtown Centennial Plan were discussed, including the proposed parking alternative. Submittal requirements were discussed.
<b><i>Neighborhood Meeting</i></b>	
A neighborhood meeting is not required for this application, nor was one held.	

<b><i>Field Check</i></b>	
03/22/07	The Department of Planning and Development conducted a site visit that found that this was a developed site that encompassed multiple existing buildings. It was also noted that there is an off-premise (billboard) sign on the site that would also be removed to make way for this project. It was noted that the alley that this project requests to vacate appears to be the only vehicular entrance to the residential property to the south of the alleyway.

## ANALYSIS

The subject property is located within the boundaries of the Las Vegas Redevelopment District of the Southeast Sector Plan of the General Plan, and has a C (Commercial) land use designation. The C (Commercial) designation allows uses comparable to the following land use categories: O (Office), SC (Service Commercial), and GC (General Commercial). The proposed uses are in compliance with the land use designation.

There is a Rezoning (ZON-20507) proposed to change the zoning of the subject site where one of the parcels comprising the development is zoned C-1 (Limited Commercial) and the remaining parcel is zoned P-R (Professional Office and Parking), C-1 (Limited Commercial), and C-2 (General Commercial). The existing and proposed uses established at this location are permissible in a C-1 (Limited Commercial) zoning district which is compatible with the C (Commercial) General Plan designation.

As previously noted, the parcel is within the boundaries of the Las Vegas Redevelopment Area, with a C (Commercial) land use designation. The proposed uses are in conformance with Redevelopment Plan policies that encourage innovative, mixed use projects in this area of the City. The proposed development is in compliance with the C (Commercial) designation.

This site is within the Live/Work Overlay district. The mixed-use nature of the proposed development will offer employment and housing options on-site; however, the project does not include any live/work units as outlined in Title 19.06.130.

The project area is within the Las Vegas Downtown Centennial Plan boundaries, and is located in the 18b The Las Vegas Arts District. This district, which is within the bounds of the Downtown South district, is intended to accommodate a wide variety of commercial and residential uses within a dense, urban environment with it's own unique design standards. The proposed project is consistent with the goals and objectives of the Downtown Centennial Plan.

Pursuant to Title 19.06.060 properties within the Downtown Centennial Plan area are exempt from the automatic application of development standards for building height limitations, setbacks, lot coverage, residential adjacency, standard landscaping requirements, and standard parking requirements. The proposed development conforms to the applicable setbacks and lot coverage requirements specified by the Downtown Centennial Plan; height limits and parking requirements are not automatically applied.

The site encompasses two parcels with a proposed building built across the lot lines. As it is the stated intention of the applicant to create a mixed-use subdivision there will need to be a tentative map review and final map technical review prior to any building permits being issued.

Minimum Requirements of Approval for a Mixed-Use Development use in the proposed C-1 (Limited Commercial) zoning district are:

1. Residential uses permitted as of right in the R-3 and R-4 Zoning Districts may be permitted by means of Special Use Permit within a P-R, N-S, O, C-1, C-2, or C-PB Zoning District.
2. Nonresidential uses permitted as of right in the P-R, N-S, O, and C-1 Zoning Districts may be permitted by means of Special Use Permit within an R-3 or R-4 Zoning District.
3. When residential and nonresidential uses are approved for a single parcel:
  - a. The nonresidential use shall be located at ground level fronting the primary public right-of-way, and the primary entryway to that use shall be directly from and oriented to a street; and
  - b. The overall architecture of the front elevation shall highlight the difference in uses through variations in volume and proportion, and shall be treated as a cohesive whole through finishes and colors.

This special use permit has been submitted in conjunction with a proposed Rezoning (ZON-20507) to consolidate the sites existing P-R (Professional Office and Parking), C-1 (Limited Commercial), and C-2 (General Commercial) zoning designations to just C-1 (Limited Commercial); Site Development Plan Review (SDR-20502) to site a proposed 12-story mixed-use development that includes 58,000 square foot of commercial space and 1,100 residential condominium units; Vacation (VAC-20522) to vacate a public right-of-way and access easement; and Site Development Plan Review (SDR-20492) to site an off-site, 120-foot high, 1,500 space automated parking structure with 12,000 square feet of ground level commercial space.

The proposed mixed-use use meets the minimum requirements of approval per Title 19.04. Due to the compatibility of this use with the surrounding present and future land use designations, staff is recommending approval of this special use permit.

## FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **“The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.”**

The design of the development adequately separates the commercial and residential components, and will not be significantly impacted by the adjacent land uses. The Centennial Plan seeks a broad diversity of uses in the downtown area, and states that integrating a successful residential community adjacent to the Downtown is vital to the success of the area.

2. **“The subject site is physically suitable for the type and intensity of land use proposed.”**

The proposed development will result in a residential density of 412 units per acre, which is appropriate for an urban area. The site has frontage on two public rights-of-way, which provides excellent access to the site and adequate separation from adjacent properties.

3. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.”**

South 4<sup>th</sup> Street will be the principal vehicular access point for the development, with egress to South 3<sup>rd</sup> Street to the west. The site also abuts West Charleston Boulevard, which will most likely be used by pedestrians patronizing the ground-floor commercial businesses. The site has excellent access to public transportation, which will assist in reducing the number of vehicle trips generated by the development.

4. **“Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

Approval of the Special Use Permit is consistent with the General Plan, and will not compromise public health, safety, or welfare.

**5. The use meets all of the applicable conditions per Title 19.04.**

The proposed mixed use development meets all minimum conditions of Title 19.04 with approval of this action.
